DNR provides  
wheeled 32  
gallon carts

DNR plants  
shells back into  
local waters to  
create new  
oyster beds.

Any species of  
oyster shell and  
clams are  
placed in bin  
with trash  
removed.

DNR picks up  
shells on a  
weekly basis.

## Restaurant Incentives:

- ★ Reduce waste needlessly going to landfill.
- ★ Help keep oysters a sustainable product.
- ★ Publicity with state agency for being environmentally aware.
